# Installing the CO<sub>2</sub> cylinder

Use only a compatible TR21-4 threaded CO<sub>2</sub> cylinder that meets the applicable cylinder requirements.

1

## Remove the rear cover

Press the cover release with your index finger while sliding the rear cover upward.

2

## Install the CO<sub>2</sub> cylinder

Hold the machine steady. Insert the cylinder into the rear compartment and turn it clockwise until secure.

3

## Reinstall the rear cover

Align the cover with the machine body and slide it downward until it is fully seated.

## BEFORE FIRST USE

- Check the soda maker, bottle and CO<sub>2</sub> cylinder for visible damage.
- Confirm that the CO<sub>2</sub> cylinder is securely installed.
- Rinse the water bottle before first use.
- Use cold drinking water for best carbonation results.

# Making sparkling water

1

**MAX****FILL**

Fill the bottle with cold, plain drinking water up to the MAX line.

2

**ATTACH**

Align the bottle with the machine head and turn it clockwise until securely attached.

3

**CARBONATE**

Press the button for about 1 second per press. Repeat 2-3 times to adjust carbonation.

4

**WAIT****RELEASE PRESSURE**

Release the button and wait 2-3 seconds while residual pressure is released. Confirm pressure is fully released.

5

**REMOVE**

Remove the bottle counterclockwise only after pressure release is complete.

**PLAIN WATER ONLY** | Never remove the bottle while pressure remains.

# Safety guidelines

**Never carbonate anything except plain water.**

## DO NOT CARBONATE

- Juice or milk
- Wine or alcoholic beverages
- Syrup or flavored liquids
- Water containing fruit or herbs
- Water containing ice
- Any liquid other than plain water

## BOTTLE, HEAT & PRESSURE

- Do not wash the PET bottle in a dishwasher.
- Do not expose the bottle to temperatures above 40°C.
- Keep the machine and cylinder away from sunlight, heaters and flames.
- Do not remove the bottle until pressure is fully released.
- Do not modify or disassemble the CO<sub>2</sub> cylinder valve.
- Follow the cylinder manufacturer's handling and service instructions.

NO FRUIT OR HERBS

NO ALCOHOL

NO DISHWASHER

# Cleaning, warranty & support

## CLEANING & CARE

- Wipe the soda maker with a soft, damp cloth.
- Do not immerse the machine in water.
- Clean the PET bottle with cool or lukewarm water and mild detergent.
- Do not use sharp tools or abrasive cleaners.
- Allow all parts to dry before storage.

## 1-YEAR LIMITED WARRANTY

This product is covered by a 1-year limited warranty against manufacturing defects, subject to the terms agreed for the order.
